

Vacancy

Swan Plastics (Pty) Ltd

Swan Plastics (Pty) Ltd is looking for a DISPATCH MANAGER to join its Prospecton operation.

Requirements for the position:

1. Candidate must have experience in warehousing, dispatch, and team management.
2. Must possess strong leadership capabilities.
3. Must be able to work under pressure.

The prospective dispatch manager will be required to perform the below tasks:

- Implement the load plan for each day in an effective manner. A large portion of this KPI will be strict oversight of staff and allocation of functions to the dispatch team.
- Oversee the storage of manufactured product within the yard and fittings warehouse. This will require yard planning and maintenance.
- Planning the travel routes and order of offload points based on the type of load and locations.
- Liaison with sales staff as required. Particularly in relation to potential reasons for delays and any stock shortages on the load planned.
- Manage our local fleet in terms of sign off of local mileage travelled, monitor GPS tracking, as well as to ensure maintenance/service schedules are followed.

The remuneration payable will be market-related and commensurate with experience of the applicant.

Kindly submit CVs to Veloshnee
